

DEEP LEARNING CLUB PRESENTS: MACHINE LEARNING WITH MATLAB

This first FALL2020 meeting of the Deep Learning Club will provide an introduction to machine learning, including an interactive demo in MATLAB. Previous experience with machine learning is not required. Stay tuned for a Python focused machine learning session later this month!

Friday, OCTOBER 9th, 4:30 – 5:30 PM
RSVP below to receive a Zoom link

Please make sure that your device has a recent **MATLAB** version with **Statistics and Machine learning Toolbox** installed to follow along with our live demo!
